At the start of the public comment period, we indicated that we would hold webinars to share the same presentation as in the public meeting. For a variety of reasons, I didn't get them scheduled earlier in the comment period. Here are the times and information for one tribal and two open public webinar sessions. Please let me know if you have questions, changes or additions to this information. I need to get these posted on the web today, since lead time is short. Thanks, Judy

#### Dates

- Tuesday, July 17 10:30 a.m. - 12:00 p.m. (FOR TRIBES)
- Tuesday, July 17 2:30 - 4:00 p.m.
- Thursday, July 19 2:30 - 4:00 p.m.

Agenda: One hour format. (We scheduled 1.5 in case it runs over).

- 5 minutes - Introduction
- 35 minutes - watershed assessment powerpoint presentation
- 15 minutes - take questions by e-mail
- 5 minutes - how to submit comments and deadlines

EPA Staff Participation? (I will send out a calendar invite to assess availability-This list includes more staff that we will probably want on the call, but I know some people may not be able to participate due to the short notice:

Technical: Sheila Eckman (main presenter), Tami Fordham, Phil North, Glenn Suter, Kate Schofield, Palmer Hough and/or Jeff Frithsen.

Process: Judy Smith (facilitator) Jeff Philip, Hanady Kader and Charles Bert to manage webinar process and questions

#### Process to Manage Questions:

- All participant lines will be muted.
- Questions can be sent by chat.
- Questions that can be answered will be queued up for an EPA staff
- Questions we aren't prepared to answer will be acknowledged and we will ask them to submit as a public comment
  - We will specify that the purpose of questions is to clarify what they heard in order to help people to formulate their comments. We will be clear that these questions and answers are not being recorded for the record.

#### Publicity and notification:
